

The background of the book cover is a collage of various toys. On the left, there is a vertical stack of colorful blocks (yellow, red, green) with a white paperclip and a small red fire hydrant on top. Below this, a red toy car is visible. In the center, a yellow toy car with 'VAN go' written on its side is parked on a grey track. To its right is a red sports car, followed by a blue station wagon, and a white race car with the number '9'. On the right side, a red sports car is on a curved yellow track, with a small white figure standing next to it. Below that is an orange toy truck. The entire scene is set against a light blue background with circular patterns.

## Learning Letters **E** and **F**

In this book you'll see letters printed in red. These are *I Spy Phonics Fun* learning letters. Learning the sounds of these letters will help you read.

The learning letter “**e**” sounds like the “**e**” in “dress.” (“**E**” can have other sounds, too, but this book focuses on the short “**e**” sound.)

The learning letter “**f**” sounds like the “**f**” in “fan.”

## I Spy Sight Words

You will see the following words in this book. The rhythm, rhyme, and repetition of the I Spy riddles will help you learn them.
